

Hong Kong's Innovation and Technology Fund for Elderly and Rehabilitation Care (Gerontechnology)

Digital Inclusion · Good practice · Hong Kong

Quality score: 88/100

Evidence strength: Observational / pre–post

Summary

Hong Kong's HK\$2 billion Innovation and Technology Fund has, since 2018, subsidised elderly care units to buy or rent assistive and monitoring technology. By December 2025 it had disbursed about HK\$910 million to roughly 2,100 units for over 27,000 tech products.
