

Human-I-T – Refurbished Devices, Connectivity and Digital Skills for Underserved US Communities

Digital Inclusion · Good practice · United States of America

Quality score: 72/100

Evidence strength: Descriptive / self-reported

Summary

Since 2012, Long Beach nonprofit Human-I-T refurbishes donated electronics, pairing them with low-cost internet and digital-skills support for low-income households. 2022: 82,400 devices redistributed, 19,000 households connected, figures it flags as unaudited.
