

Ideon Science Park (Lund)

City Innovation Library · Good practice · Sweden

Quality score: 71/100

Evidence strength: Strong

Summary

Sweden's oldest and largest science park, founded in Lund in 1983 by the university, region and city, is where Ericsson developed Bluetooth; it has registered over 3,400 patents since founding and became the first UN-certified science park in the world in 2019.
