

iFLYTEK AI Speech Scoring for China's School Oral English Exams

AI in Education · Good practice · China

Quality score: 47/100

Evidence strength: Moderate

Summary

iFLYTEK's speech-recognition AI scores spoken English in China's zhongkao and gaokao oral exams across dozens of provinces, processing millions of students a year. Independent Rasch-model research supports scoring reliability, but transparency, appeals process and equity impacts

Key dimensions

Dimension	Score
Evidence of learning impact	1/3
Equity & inclusion	1/3
Transparency, ethics & data protection	1/3
Teacher capability & pedagogy	1/3
Scalability & sustainability	3/3
