

INTI — Argentina's National Institute of Industrial Technology

City Innovation Library · Good practice · Argentina

Quality score: 52/100

Evidence strength: Observational / pre–post

Summary

Argentina's federal industrial-research agency runs 50+ technology centres across all 24 provinces, delivering testing, technical assistance and technology transfer to over 10,000 mostly small-business clients a year — though recent budget cuts have put its scale at risk.
