

InvestmentMap 2.0 — Dominican Republic's AI Chatbot for Public Investment Transparency

AI in the Public Sector · Good practice · Dominican Republic

Quality score: 53/100

Evidence strength: Descriptive / self-reported

Summary

Dominican Republic's InvestmentMap 2.0 (December 2025) adds an AI chatbot to the national public investment system (SNIP), letting citizens query project data, budgets and progress in natural language. The IDB-backed tool reveals its reasoning steps for algorithmic transparency.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	1/3
