

Jatiluwiuh Subak Rice Terraces — Tourism Revenue-Sharing for a UNESCO Cultural Landscape (Indonesia)

PES & Nature-Based Solutions · Good practice · Indonesia

Quality score: 20/100

Evidence strength: Cautionary / limited

Summary

Entrance-fee revenue from Jatiluwiuh's UNESCO-listed rice terraces is split between district government and two customary villages to fund subak irrigation upkeep, but reporting shows farmers say they rarely see a share.

Key dimensions

Dimension	Score
Carbon — sequestration / storage, evidenced	0/3
Biodiversity — conservation / improvement, evidenced	1/3
Water & soil — retention, infiltration, erosion control	1/3
Fire resilience — risk reduction, evidenced	0/3
Governance, certification & transferability	1/3
