

jog.gov.hu — Hungary's Ministry of Justice Launches an AI Legal-Information Search Engine

AI in the Public Sector · Good practice · Hungary

Quality score: 47/100

Evidence strength: Descriptive / self-reported

Summary

Hungary's Ministry of Justice launched jog.gov.hu on 16 March 2026, an AI tool that answers plain-language legal questions from the full body of national and municipal law for free, though an independent test found it couldn't state the constitutional definition of family.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	1/3
Transparency, fairness & accountability	1/3
Transferability / demonstrated replication	1/3
Scalability beyond pilot	2/3
