

Joven Club de Computación y Electrónica (JCCE) — Cuba's National Digital-Literacy Network

Digital Inclusion · Good practice · Cuba

Quality score: 68/100

Evidence strength: Descriptive / self-reported

Summary

Cuba's nationwide network of 600+ free computer-training centres, founded in 1987, has enrolled 4.55M+ people in digital-literacy courses, including remote mountain communities — inside one of the world's most restricted and expensive internet environments.
