

Korea's Web Accessibility Quality Certification — A Digital Inclusion Act Cert Mark Backed by Three Government Bodies

Digital Inclusion · Good practice · South Korea

Quality score: 92/100

Evidence strength: Strong

Summary

South Korea's Digital Inclusion Act backs a web accessibility certification issued by three government-designated bodies, covering over 17,500 sites. Yet the government's own benchmark shows average scores plateaued near 61/100 since 2020, despite rising certifications.

Key dimensions

Dimension	Score
