

KV-MAP Digital Platform — Vietnam's Smartphone Registry for Persons with Disabilities

Digital Inclusion · Good practice · Vietnam

Quality score: 92/100

Evidence strength: Observational / pre–post

Summary

Vietnam's KV-MAP platform (nkt.btxh.gov.vn) lets persons with disabilities register online or via app for disability certificates and support. Piloted in nine provinces with UNDP/KOICA backing, it registered 90,000+ people, in a system where a quarter had no certificate.
