

Latvia's National AI in Education Programme, delivered with Riga TechGirls

AI in Education · Good practice · Latvia

Quality score: 53/100

Evidence strength: Descriptive / self-reported

Summary

Latvia's Ministry of Education and Science launched a national AI-in-education programme on 15 April 2026 for 15 general and 5 vocational schools, with partner Riga TechGirls — a women-in-tech nonprofit — delivering AI training on a €200,000 Google.org grant.

Key dimensions

Dimension	Score
