# Live Speech-to-Text Translation for Newly Arrived Ukrainian Pupils — University of Alicante's Classroom Study in Five Secondary Schools

AI in Education · Good practice · Spain

Quality score: 53/100

Evidence strength: Moderate

### *Summary*

University of Alicante researchers used PowerPoint 365 live subtitles to transcribe and translate teachers' Spanish into Russian for Ukrainian refugee pupils. They outscored an unexposed control group (large effect), but trailed Spanish peers; small, non-randomised design.
