

Macau's Mandatory AI Curriculum and Smart-Classroom Rollout — Legal Mandate Meets Resource Gaps

AI in Education · Good practice · Macao

Quality score: 33/100

Evidence strength: Descriptive / self-reported

Summary

Macau legally mandated AI content in primary and secondary curricula with fixed annual teaching hours and committed MOP 15 million to smart classrooms in every school, while independent reporting documents real teacher-shortage and resource gaps.

Key dimensions

Dimension	Score
