

Madristi — Lebanon's AI-Curated National Learning Platform Reaches 400,000 Students

AI in Education · Good practice · Lebanon

Quality score: 67/100

Evidence strength: Moderate

Summary

UNICEF and Lebanon's Ministry of Education localized the Learning Passport as Madristi, an AI-curated learning platform now reaching 400,000 public-school students and 50,000 teachers, with offline servers planned for 200 low-connectivity schools and zero-rated data access.

Key dimensions

Dimension	Score
