

# MED–Dubai Digital School Partnership — Angola's 10-Province AI-Personalised Learning Pilot

AI in Education · Good practice · Angola

Quality score: 40/100

Evidence strength: Moderate

## Summary

Angola's Ministry of Education, with Dubai's Digital School under a 2024 MoU, is piloting AI-personalised learning in one primary school per province (10 schools/10 provinces) from Feb 2026 — early-stage, with teacher training but no learning-outcome data yet.

## Key dimensions

| Dimension                              | Score |
|----------------------------------------|-------|
| Evidence of learning impact            | 0/3   |
| Equity & inclusion                     | 2/3   |
| Transparency, ethics & data protection | 1/3   |
| Teacher capability & pedagogy          | 2/3   |
| Scalability & sustainability           | 1/3   |
