MINERD's Secondary-Maths AI Pilot — Dominican Republic Tests MagicSchool, Khanmigo and Flexi Without Published Scale or Results (Cautionary Case)

AI in Education · Good practice · Dominican Republic

Quality score: 27/100

Evidence strength: Cautionary / limited

Summary

The Dominican Ministry of Education is piloting MagicSchool, Khanmigo and Flexi in secondary maths under its National Digital Education Strategy, but has not published the number of schools, the design or any results — a cautionary transparency case.
