Montenegro's Blind-Led E-Accessibility Monitoring — The Union of the Blind and the Ministry of Public Administration Test 21 Government Sites and Shape the GOV.ME Portal

Digital Inclusion · Good practice · Montenegro

Quality score: 48/100

Evidence strength: Moderate

Summary

In 2020, blind and partially sighted monitors from Montenegro's Union of the Blind and the Ministry of Public Administration tested 21 state websites and 208 documents. The findings shaped an accessibility rulebook and the GOV.ME portal. No independent WCAG audit has followed.
