

# MoSPI's MCP Server — AI-Ready Natural-Language Access to India's Official Statistics

AI in the Public Sector · Good practice · India

Quality score: 60/100

Evidence strength: Descriptive / self-reported

## Summary

India's National Statistical Office launched a public Model Context Protocol server letting AI assistants query official economic and social statistics in plain language, with source attribution, starting with 7 of its ~19 statistical products.

## Key dimensions

| Dimension                                  | Score |
|--------------------------------------------|-------|
| Evidence of impact / measured public value | 1/3   |
| Transparency, fairness & accountability    | 3/3   |
| Transferability / demonstrated replication | 2/3   |
| Scalability beyond pilot                   | 1/3   |
| Governance, capability & sustainability    | 2/3   |
