

Mozambique's AI-Driven Tax Modernisation Roadmap — A 2028 Plan to Lift Revenue via Machine-Learning Audits

AI in the Public Sector · Good practice · Mozambique

Quality score: 40/100

Evidence strength: Descriptive / self-reported

Summary

Mozambique's Finance Ministry approved a fiscal roadmap (CFMP, June 2025) using AI — ML anomaly detection, NLP audits, digital-twin modelling — to lift tax revenue from 417.4bn to 492.2bn meticaïs by 2028. Still unimplemented: no AI system is deployed, no independent results.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	1/3
Transparency, fairness & accountability	1/3
Transferability / demonstrated replication	1/3
Scalability beyond pilot	1/3
