

Netherlands' Digitoegankelijk Dashboard — A Public Accessibility-Declaration Monitor and 'Forgotten Channels' Sweep

Digital Inclusion · Good practice · Netherlands

Quality score: 92/100

Evidence strength: Observational / pre–post

Summary

Logius's Dashboard DigiToegankelijk tracks WCAG declarations for every Dutch government website and app. A 2023 sweep added 5,291 previously 'forgotten' channels and grew declarations 42%, yet found only 39% of tracked sites actually complied with the accessibility law.
