

NITA-U's UDAP-GovNet digital-skills training for persons with disabilities

Digital Inclusion · Good practice · Uganda

Quality score: 48/100

Evidence strength: Moderate

Summary

Uganda's NITA-U ran a three-month digital-skills course for 38 people with visual, hearing and physical disabilities under its UDAP-GovNet project, teaching computer, internet and content-creation skills as part of a wider national e-government accessibility push.
