

NITDA's DL4ALL Informal-Sector Track — Digital Literacy for 480,000+ Nigerians

Digital Inclusion · Good practice · Nigeria

Quality score: 52/100

Evidence strength: Moderate

Summary

NITDA's DL4ALL informal-sector track has trained over 480,000 Nigerians across 30 states and the FCT since September 2024, part of a national push for 70% digital literacy by 2027. A dedicated Abuja cohort of 50 persons with disabilities completed training in January 2026.
