

NPI ČR's National Recommendations for Working with Artificial Intelligence in Schools

AI in Education · Good practice · Czechia

Quality score: 53/100

Evidence strength: Moderate

Summary

Czechia's National Pedagogical Institute issued the country's first national recommendations on generative AI for schools in September 2023 — separate guidance for principals, teachers, students and parents — paired with free teacher courses, after an MŠMT-commissioned expert work

Key dimensions

Dimension	Score
Evidence of learning impact	0/3
Equity & inclusion	1/3
Transparency, ethics & data protection	3/3
Teacher capability & pedagogy	2/3
Scalability & sustainability	2/3
