

NSWEduChat — AI-Assisted Lesson and Resource Creation for New South Wales Public School Teachers

AI in Education · Good practice · Australia

Quality score: 67/100

Evidence strength: Descriptive / self-reported

Summary

A secure, department-built generative-AI assistant helps NSW's ~2,200 public schools draft lesson materials and differentiated resources; scaled statewide by 2025, though all efficiency claims come from the department's own surveys, with no independent evaluation yet published.
