

Numéro d'Identification Unique — the Republic of Congo's Biometric Tax ID Built on MB ABIS

AI in the Public Sector · Good practice · Congo

Quality score: 40/100

Evidence strength: Moderate

Summary

Since 2018 Congo's Ministry of Finance has rolled out a biometric tax card, the NIU, using German vendor Mühlbauer's ABIS/SDM software to flag duplicate taxpayer registrations, expanding enrolment centres in Brazzaville and Pointe-Noire through 2023.

Key dimensions

Dimension	Score
