

ONTI's Observatorio de Accesibilidad Digital — Argentina's progressive web-accessibility mandate

Digital Inclusion · Good practice · Argentina

Quality score: 68/100

Evidence strength: Moderate

Summary

Argentina's ONTI monitors public-sector websites under Ley 26.653 and Decreto 656/2019, requiring a progressive rise from 50 to 80 WCAG-based accessibility points (Disposición ONTI 02/2014), with non-compliance reportable to the national disability agency.
