

OSIA — AI-Powered School-Orientation and Guidance Platform in Cameroon

AI in Education · Good practice · Cameroon

Quality score: 20/100

Evidence strength: Descriptive / self-reported

Summary

Cameroonian startup OSIA uses generative AI to analyse students' academic results and psychotechnical tests, producing a personalised orientation verdict and a 20-language chatbot tutor. It reported 13,500 subscribers across 23 schools in four regions by 2025.
