

Oslo Science City — university-hospital-industry innovation district

City Innovation Library · Good practice · Norway

Quality score: 57/100

Evidence strength: Moderate

Summary

Norway's first innovation district links the University of Oslo, its largest hospital and national research institutes around a shared knowledge-transfer platform — currently 7,500-8,000 researchers, up to 40,000 students and 300 startups, expanding through 2030.

Key dimensions

Dimension	Score
