

OTAI Audit of 150 Public Platforms — Evidence Base for Costa Rica's Directriz 051-MTSS-MICITT

Digital Inclusion · Good practice · Costa Rica

Quality score: 96/100

Evidence strength: Observational / pre–post

Summary

A university observatory whose evaluation team includes blind testers audited 150 Costa Rican public digital platforms: only 2 reached WCAG A and AA, and 129 (88%) missed the basic level. The findings became the evidence base for Directriz 051-MTSS-MICITT.
