

Papua New Guinea's Digital-Accessibility Gap — A 2025 WCAG Pledge Against a 9.5/100 DARE Index Score

Digital Inclusion · Good practice · Papua New Guinea

Quality score: 64/100

Evidence strength: Moderate

Summary

PNG's National Information Center pledged WCAG 2.1 AA compliance for government sites from June 2025, but G3ict's DARE Index had scored the country just 9.5/100, with web, education, employment and e-government accessibility policy areas entirely absent.

Key dimensions

Dimension	Score
Innovation level	1/5
Sustainability (ongoing)	1/1
Evaluation evidence	1/1
Demonstrated reach	0/1
Documented learning	1/1
