

Paris Rues aux Écoles — Pedestrianised School Streets Across Half of Paris's Primary Schools

City Innovation Library · Good practice · France

Quality score: 57/100

Evidence strength: Moderate

Summary

Paris has calmed 300+ streets in front of schools, about half of nursery and primary schools; early studies report 10–30% lower NO2 and cooler greened pavements, but independent long-term evidence is still thin.
