

Peru's National AI Law Regulation — Education Named a High-Risk Sector Requiring Human Oversight

AI in Education · Good practice · Peru

Quality score: 33/100

Evidence strength: Cautionary / limited

Summary

Peru's 2025 AI-law regulation names education a 'high-risk' sector, mandating algorithmic transparency, human oversight and data-protection-by-design for school evaluation systems by September 2026 — though rights groups flag ambiguous rules and voluntary private-sector audits.
