

Pigai — China's Large-Scale AI Essay Feedback Platform: Real Reach, Mixed Classroom Evidence

AI in Education · Good practice · China

Quality score: 47/100

Evidence strength: Moderate

Summary

Pigai is China's dominant AI essay-feedback platform, used by thousands of schools and tens of millions of EFL students since 2011. Peer-reviewed studies confirm real grammar gains but find it misses meaning-level errors and does not beat peer feedback on revision quality.
