

Position Paper on the Effect of COVID 19 On Women in Malta

Gender Equality · Literature / resource · Malta · National

Quality score: 22/100

Evidence strength: Descriptive / self-reported

Summary

COVID-19 has affected men and women differently in Malta and the world over. The pandemic has exacerbated existing inequalities. Due to their economic insecurity (NSO, SILC), women are socially and economically more vulnerable to the effects of this pandemic. With the pandemic
