

Proyecto DANE — Multi-Stakeholder Co-Designed App Suite for People with Intellectual, Sensory and Communication Disabilities

Digital Inclusion · Good practice · Argentina

Quality score: 68/100

Evidence strength: Moderate

Summary

Since 2012, Buenos Aires' Proyecto DANE coalition (CESSI, disability NGOs, a university, IT firms) has built free apps for people with intellectual, sensory and communication disabilities, reaching 30,000+ downloads by 2014 and still active in 2023.

Key dimensions

Dimension	Score
