

ProZorro — Ukraine's Open-Source E-Procurement Platform Co-Built by Civil Society and Government

City Innovation Library · Good practice · Ukraine

Quality score: 90/100

Evidence strength: Observational / pre–post

Summary

Ukraine's ProZorro platform, co-built from 2014 by volunteer technologists, government and donors, cut single-supplier contracting from 11% to 5% within a year and is credited with nearly \$6 billion in public savings since 2017, per US government and academic analysis.

Key dimensions
