

# Qatar Science & Technology Park: A Free-Zone Bridge from Research to Global Markets

City Innovation Library · Good practice · Qatar

Quality score: 67/100

Evidence strength: Moderate

## Summary

Qatar Foundation's \$800m Doha free-zone links Education City research to 400+ tenant companies from 39 countries, from early anchors ExxonMobil and Microsoft to accelerators drawing hundreds of international, majority women-led applicants.

## Key dimensions

| Dimension                                  | Score |
|--------------------------------------------|-------|
| Evidence of impact / measured results      | 2/3   |
| Transferability / demonstrated replication | 1/3   |
| Scalability                                | 2/3   |
| Sustainability / continuity                | 3/3   |
| Innovation                                 | 2/3   |
| Inclusiveness / equity                     | 2/3   |
| Multi-stakeholder collaboration            | 2/3   |
