

Register rabe UI — Slovenia's Civil-Society Public Sector AI Registry, Nine Systems Documented While the Official Register Is Still Pending

AI in the Public Sector · Good practice · Slovenia

Quality score: 47/100

Evidence strength: Moderate

Summary

Launched in October 2024 by the NGO Danes je nov dan, Slovenia's first centralised public-sector AI registry listed nine systems by October 2025, with cost, developer and safeguards. Institutions answered sparingly; the official register is only a commitment.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	1/3
Transparency, fairness & accountability	2/3
Transferability / demonstrated replication	2/3
Scalability beyond pilot	1/3
Governance, capability & sustainability	1/3
