

Regulatory Intelligence Office — the UAE Cabinet's AI-Powered System for Legislative Impact Monitoring and Drafting

AI in the Public Sector · Good practice · United Arab Emirates

Quality score: 20/100

Evidence strength: Cautionary / limited

Summary

In April 2025 the UAE Cabinet approved a Regulatory Intelligence Office using AI to map, monitor and update laws in real time. Officials anticipate cutting drafting timelines by up to 70%, but no independent post-implementation evaluation has been published.

Key dimensions

Dimension	Score
Evidence of impact / measured public value	0/3
Transparency, fairness & accountability	0/3
Transferability / demonstrated replication	1/3
Scalability beyond pilot	1/3
Governance, capability & sustainability	1/3
