UAI's Five-Year Public Audit of Chile's State Algorithms

AI in the Public Sector · Good practice · Chile

Quality score: 80/100

Evidence strength: Observational / pre–post

Summary

Since 2021, Universidad Adolfo Ibáñez's GobLab has independently catalogued automated decision systems used by the Chilean state. Its 2026 report documents 162 systems — up from 75 in 2023 — and underpins Chile's first Latin American algorithmic-transparency directive.
