Rigsrevisionen's Audit of Web Accessibility in Danish Ministries and Regions — 61% of Front Pages Fail, 18% of Sites Lack a Statement, and Oversight Is Tightened

Digital Inclusion · Good practice · Denmark

Quality score: 88/100

Evidence strength: Strong

Summary

Denmark's National Audit Office tested 526 state and regional websites: 61% of front pages failed at least one accessibility requirement and 95 sites had no accessibility statement. The supervising agency has since broadened its checks.
