

# Safetipin — Crowdsourced Safety Audits Turning Women's Perceptions of Public Space Into Government Action

Gender Equality · Good practice · India

Quality score: 89/100

Evidence strength: Observational / pre–post

## Summary

Since 2013 Safetipin's app audits have mapped lighting and safety across 30+ cities in India, Colombia, Kenya and beyond; in Delhi the data helped relight around 70% of flagged dark spots, and in Bogotá it guided lighting and CCTV along 400km of bike paths.

## Key dimensions

| Dimension                       | Score |
|---------------------------------|-------|
| Transferability / replicability | 3/3   |
| Impact on gender equality       | 1/1   |
| Effectiveness                   | 1/1   |
| Efficiency                      | 0/1   |
| Evaluated outcomes              | 1/1   |
| Sustainability                  | 1/1   |
| Achievement / evidence          | 1/1   |
| Gender-mainstreaming embedding  | 1/1   |
| Curator validation              | 1/1   |
