

Saudi Arabia's Digital Inclusivity Programme — Cross-Agency Push for WCAG 2.0 AAA and Assistive-Tech Readiness

Digital Inclusion · Good practice · Saudi Arabia

Quality score: 96/100

Evidence strength: Observational / pre–post

Summary

Three Saudi government bodies jointly launched a Digital Inclusivity Programme in November 2023 targeting WCAG 2.0 AAA and an assistive-technology readiness centre. An independent 2026 journal analysis found its sign-language video service had reached over 35,000 people.

Key dimensions

Dimension	Score
Innovation level	4/5
