

Sierra Leone's National Disability, Assistive Technology and Rehabilitation Technical Working Group (NDATR TWG)

Digital Inclusion · Good practice · Sierra Leone

Quality score: 96/100

Evidence strength: Observational / pre–post

Summary

A government-convened, multi-stakeholder working group produced Sierra Leone's first national assistive technology policy, strategy and product list, with its network effects independently measured before and after.

Key dimensions

Dimension	Score
Innovation level	4/5
Sustainability (ongoing)	1/1
