

Slovakia's National Plan for the Responsible Use of AI in Education (2025–2027)

AI in Education · Good practice · Slovakia

Quality score: 47/100

Evidence strength: Moderate

Summary

Slovakia's Ministry of Education launched a national plan (Sept 2025) built on four principles — accessibility, equality, quality and safety — after surveys found roughly 70–80% of pupils already using AI for schoolwork against just ~25% of teachers; curriculum rollout begins 202

Key dimensions
