

Slovenian AI Factory (SLAIF) — A National University-Industry Consortium for AI Skills and Compute

AI in Education · Good practice · Slovenia

Quality score: 13/100

Evidence strength: Cautionary / limited

Summary

Slovenia's SLAIF pairs a new EuroHPC-funded supercomputer with a five-university, industry and government consortium to build a national pipeline of AI-skilled students, researchers and professionals through training, internships and hackathons.

Key dimensions

Dimension	Score
