

Solomon Islands' ICT for Education Master Plan 2026-2030 — A National AI-Governance and Safeguards Framework

AI in Education · Good practice · Solomon Islands

Quality score: 47/100

Evidence strength: Descriptive / self-reported

Summary

Solomon Islands' Ministry of Education launched a national ICT for Education Master Plan 2026-2030 in April 2026, explicitly requiring AI ethics, child-protection and cyber-safety safeguards alongside connectivity and teacher-digital-skills goals for outer-island schools.

Key dimensions

Dimension	Score
