

SugamyaWeb — India's Cloud-Based Accessibility Testing Platform for Government Websites

Digital Inclusion · Good practice · India

Quality score: 92/100

Evidence strength: Strong

Summary

India's SugamyaWeb lets government departments self-test websites against GIGW accessibility standards; 200+ departments used it to fix 100,000+ issues, even as reporting finds accessible central-government sites frozen at 95 since 2020.

Key dimensions

Dimension	Score
Innovation level	3/5
Sustainability (ongoing)	1/1
Evaluation evidence	1/1
Demonstrated reach	1/1
Documented learning	1/1
