

SUMM AI — A Munich Start-up's Generative AI Brings Leichte Sprache to German Schools and Vocational Colleges

AI in Education · Good practice · Germany

Quality score: 60/100

Evidence strength: Observational / pre–post

Summary

Munich-based SUMM AI translates official and teaching texts into Leichte Sprache (Easy Language) for the roughly 20 million people in Germany with reading, cognitive or language barriers. Independent studies find it reliably reaches B1 reading level but still needs human review,

Key dimensions

Dimension	Score
